

SUTTON UNITED YOUTH AND COMMUNITY FOUNDATION

STATEMENT of VISION, MISSION and VALUES

Our vision

The Foundation will deliver community projects with an emphasis on sport (particularly football), education, social inclusion and health.

Activities will be provided in a safe and friendly environment. They will be for the benefit of the local community regardless of age, gender and ethnicity. There will be no test of ability.

Our staff and volunteers will share our passion for community engagement. They will deliver participant-focussed activities which will above all emphasize togetherness and fun.

We will collaborate both with Sutton United Football Club and with other organisations so as to run our activities more effectively.

Our mission

The Foundation will provide a positive experience for all participants regardless of age, gender, ethnicity and other protected characteristics.

All participants will be treated with respect and encouraged to achieve targets giving them the best possible outcomes.

Our values

We will provide all participants with the opportunity to fulfil their aspirations.

We will be inclusive, ensuring opportunities regardless of ability, age, gender and ethnicity.

We will respect all staff, volunteers and participants and we expect others to do the same.
